SUBJECT: FOIA Request Response (HQ-2016-00656-F) (ID-2016-01370-F) (OM-PA-16-053)

Dear Mr. Good:

This is in final response to your request for information under the Freedom of Information Act (FOIA), 5 U.S.C. 552a submitted to the Department of Energy Headquarters and recently forwarded to Department of Energy Idaho Operations Office for a response. You asked for:

- policies, standards, and guidance related to prepublication review
- final legal analyses of past, present, or proposed prepublication-review requirements;
- final decisions of officials conducting prepublication reviews;
- correspondence with former agency employees (or their representatives) who have submitted materials for prepublication review since January 1, 2009;
- statistics relating to prepublication review, including but not limited to information documenting the total numbers of individuals who have submitted works for review, the total number of works submitted for review, the total number of submissions approved without change, the total number of submissions returned with proposed redactions or other modifications, the total number of pending submissions, and the duration of prepublication review processes.
- titles, subject matters, and dates of works submitted for prepublication review; and
- information about enforcement proceedings instituted or contemplated on the basis of violations of prepublication-review requirements, including breach-of-contract actions, agency administrative proceedings, and civil or criminal litigation.

A diligent and exhaustive search of the search of the Department of Energy Idaho Operations Office and its contractors has identified neither policies nor guidance to implement a policy of prepublication review nor instances in which such a de facto policy had been implemented.

You may appeal this decision by the Department of Energy pursuant to 10 CFR § 1004.8. The appeal must be made within 30 calendar days of receipt of this letter.
